'New' Council Ready To Fire City Manager Monday

Westlakers Plan Auto 'Crusade'

Its three-day petition drive a success, Westlake Improvement Association today uncorked plans for a massive "car caravan" freeway protest parade to the May 7 and 8 State Highway Division meetings down the Peninsula.

Andrew Baffico, WIA director speaking for William Silver, association joint-traffic committee chairman, said that more than 1500 autos, bedecked with banners and accompanied perhaps by a band, will participate.

The association figures the spectacle will be publicized enough to make the State Commission "feel the pressure and dead-serious nature of the Westlake protest against the proposed Alemany boulevard extension freeway."

Baffico, who repeated the car caravan would make as much clamor as possible, said the association protest should be on the commission agenda on either May 7 or 8.

"All Westlakers who want to save their community from the freeway are invited to join us," he continued.

Goal of last week's doorstep petition drive was the entire population of Westlake. When complete, the petitions will be forwarded to again notify high state and city officials of Westlake opposition to the Alemany route.

ASSEMBLYMAN 'WILL BATTLE' W'LAKE ROUTE

Assemblyman Louis Francis pledged "strong and all-out support" today to Daly City in its campaign against Alternate Plan "A" for a proposed freeway which would run east and west on Alemany boulevard extension in Westlake.

In response to a letter from William R. Silver, chairman of the Freeway Committee of Westlake Subdivisions Improvement Association, Francis said: "I have been strongly opposed to this proposal since learning that the State Division of Highways has given it serious consideration."

"This matter was discussed on several occasions by me with

POLONSKY HEADS COMMITTEE FOR TAX ELECTION

Albert A. Polonsky, 35-year-old attorney who lives in Westlake, is chairman of the Citizens Committee for the May 27 special tax election in Jefferson Elementary School District.

Voters will weigh a 70-cent permissive tax hike, projected to cover district operational needs for five years.

Maximum tax if the balloting is favorable will be a rate of $2.20 per $100 assessed valuation—or about $24.50 a year for homeowners. This maximum, however, would not necessarily be asked the first year or so, Polonsky pointed out.

He heads a 15-member committee.

The Door To Learning Never Closes

MAYOR Micheal DeBernardi (center) gets set to ink Daly City's official "Public Schools Week" proclamation, marking tribute to the educational progress made here by administrators, principals, boards of trustees, teachers and coordinators. Beaming approval are Supt. Edward Morgan (left), Jefferson High School District, and Supt. Henry Z. Weibel, Jefferson Elementary School District. Open House will prevail for parents and friends of the schools this Thursday night at Jefferson and Westmoor. The elementary schools since Monday have entertained visitors in like manner, inviting all to meet teachers, and inspect classroom facilities and techniques. This week is the 39th annual observance in California.

RESCIND RESOLUTION

City Probes Freeways

Daly City-wide Citizens Committee Against Freeways—pleading once more for a "united and factual" campaign—in special meeting Tuesday night at City Hall moved forward.

Feeling they need "all" data from State Division of Highways on proposed routes in and near here, the committee killed their resolution of last month on freeway policy.

Tossed out until all the facts are in committee hands was the March resolution which had the city on record against both Alternate A (Westlake) and Alternate B (Junipero Serra), and which asked the state to re-route the freeway "outside" Daly City along Stanley drive in San Francisco, thence down Skyline.

Bit 'Hasty'

Chairman Francis Pacelli, city councilman, said the committee felt "we had acted in haste on this resolution," and said the group "was dedicated to represent all of Daly City in keeping freeways out."

"Once we get all, and I repeat 'all' the facts, we will be prepared to act accordingly," he continued.

Reviewing the Hahn-Wise-Barber Association survey, paid for by the city to probe the freeway problem, the committee, after a week's study of the firm's recommendations, moved that many points included in the report "must be clarified" by the consultants.

Next meeting of the City Committee, therefore, on Tuesday night, May 6, starting at 8 p.m., City Hall, will include detailed explanation of the report by a Hahn-Wise-Barber representative.

Also, two days later, May 8, City Committee representatives, according to Pacelli, will attend the State Highway Division meeting at Hillsdale High school in San Mateo. Prime topic will be the proposed San Bruno-to-San Jose freeway link.

The 11 page Hahn-Wise-Barber freeway report, based on available state data and 18% postcard-answer returns from 3000 polled Daly City residents,

TWO ADDITIONAL FREEWAY STUDIES

City Attorney Paul Hupf today was notified from Sacramento that State Division of Highways has launched two more preliminary freeway surveys in the DC area—in addition to Alternate A (Westlake) and Alternate B (Junipero Serra).

The latest routes under study are one north of DC near the San Francisco line and the other is south of Alternate B for connection to Skyline (near St. Francis Heights subdivision).

Boy, 14, Flees Knife-Wielding Kidnaper Here

Police today traced the description of a husky "thirty-ish" man who Saturday night attempted to lure a 14-year-old Westlake boy into his car at knifepoint.

Out-of-breath Dale Keckler of 1493 South Mayfair told police the man approached him about 7:38 p.m. as the youth was walking home.

The blonde suspect, about 6 feet tall and 240 pounds, reportedly ordered the youth into his car by brandishing a

DALY CITY'S TWO HIGH SCHOOLS INVITE PARENTS TO 'OPEN HOUSE'

Parents of students at Daly City's two high schools, Jefferson and Westmoor, this Thursday evening are invited to visit the teachers of their youngsters in "Open House" festivities at both schools.

Supt. Edward Morgan said the open house sessions, starting at Jefferson and Westmoor at 7:30 p.m. and ending about 9:30, highlight the local observance of "Public Schools Week" in California.

"This is an excellent opportunity for parents and friends of our schools to inspect our plants and talk with teachers in the individual classrooms," enthused Morgan.

Teachers will remain in their regular classrooms, he said, to talk with parents and explain techniques used in instruction.

Bomb 'Destroys' School Holiday Of W'moor Pair

Monday was such a nice day, two Westmoor High freshman girls figured a holiday from classes would be delightful.

One of them, after taking a dare, called South San Francisco police, telling them a bomb had been planted at Westmoor. Daly City cops and firemen were dispatched and took the usual precautions.

No bomb, no student evacuation, no beach.

The girls, both residents of Westview, let the cat out of the bag at school. They were turned over to juvenile authorities.

Hands Off....Or No Hands

HARMLESS-looking wire devices demonstrated by Asst. Police Chief Roy McLaren maimed or blinded about 100 American youngsters last year. The deadly little things are blasting caps, used to trigger dynamite fuses, left in many new areas now under construction. McLaren warns parents and children to stay away from any wire-type "finds" of this variety. Many curious youths have been fatally injured by the "throwaways."

SF 'BLOCKADE'

Pershing Is Stymied

Within about two weeks Jefferson Elementary School district will know if City and County of San Francisco supervisors will continue to block a critically-delayed state loan for the proposed new General Pershing elementary school.

Another special meeting Monday in SF, attended by JESD representatives, SF city-county school brass, and members of the state divisions of school finance and planning, failed to materialize the Daly City district's request for a settlement.

San Francisco officials continue to fight the alleged intrusion of SF property by the JESD for the 10-acre site. At Monday's session, Supt. Henry Weibel and staff presented an alternate site proposal, reducing the needed land on the SF side for the school from four to two acres, by using retaining walls.

This plan, which got little reaction, one way or the other from the SF delegates, would mean less expenditure by the JESD for the school. Retaining walls would have to be installed to realize this alternative.

But the SF group appear

12 Enter Trustee Scramble

Fields of trustee candidates for the Jefferson elementary and high school districts' May 20 balloting were firmed Friday as the deadline for filing expired.

A record nine hopefuls will vie at the polls for two seats on the elementary school board. Three candidates are after the two three-year jobs with the high school district.

Last to file in the unpredictable and wide-open elementary board race was Thomas F. Noonan, telephone company employee of 451 C street, Colma.

Others in the campaign are incumbents Hartley Appleton, JESD board chairman, and Mrs. Doris Wimberly, appointed last year; Arthur Huelse, Owen English, Martin Orloff, Donald Lesher, Joseph Schultz and Frank Verducci.

Main issue in the elementary board vote-getting will be status of Superintendent Henry Weibel. A few of the candidates are outspokenly in favor of his reinstatement. None of these, however, except Orloff, has so indicated in a public meeting.

Incumbents Elio Fontana,

Contested Showdown

3-2 VOTE IS DUE AGAINST STITES

Battle lines are well defined for the first regular meeting of the "new" Daly City council next Monday night at City Hall. Action begins at 8 o'clock, and heavy attendance is forecast.

Foremost item expected to inaugurate the council debuts of Micheal DeBernardi as mayor and Councilmen Edward J. Dennis and Robert St. Clair will be the "status" of City Manager Howard Stites.

HOWARD STITES
...resignation?

A 3-2 verdict (ex-Mayor Joseph Verducci and Francis Pacelli casting "nay" votes) looms to ask embattled Stites for his resignation. The new council majority, having met with Stites last week to explain their intentions to oust him, plan to make no bones about it.

Two Backers

Verducci and Pacelli, voting against DeBernardi as new council chairman and Dennis as assistant mayor, reportedly are ready to maintain the "split" at city hall by fighting for Stites.

The minority councilmen not only believe Stites has served the city effectively since he came here in 1955, but they oppose the major policies of DeBernardi (embarked on his second council term) and his two top supporters, Dennis and St. Clair.

Platforms that won at the polls for the mayor, Dennis and St. Clair were virtually the same. The trio are pledged to remove Stites, repeal sales tax and eliminate what they call "excessive spending, over-departmentalization, and neglect of the wishes of the people."

'No Comment'

Stites was mum when asked by this newspaper to comment on his rumored resignation.

"I can't make any statements until such a move is made at a public meeting," he qualified.

Verducci and Pacelli, meanwhile, allegedly are attempting to stir up sentiment for Stites in advance of Monday's expected showdown.

A reliable source said the city manager will be given 90 days to terminate his duties here.

COASTSIDE NEEDS

Greyhound Extends Bus Service Here

Rapid growth of the Pedro Valley section of Pacifica today brought an announcement from Greyhound Lines of additional service to and from San Francisco and the Coastside, effective this Sunday, April 27.

Greyhound announced that schedules now leaving San Francisco at 11:30 a.m., 12:30 p.m. and 1:30 p.m. which now terminate at Westlake, will be extended to Pedro Valley Junction. Also, that schedules to San Francisco now originating at Westlake at 12:30 p.m., 1:30 p.m. and 2:30 p.m. will have their point of origin at Pedro Junction at 12:13 p.m., 1:13 p.m. and 2:13 p.m.

Additional evening service, all new, will also be established for the benefit of Pedro Valley residents, in both directions.

New schedules from San Francisco will leave at 8 p.m., and 10:30 p.m., reaching Westlake at 8:25 p.m. and 10:50 p.m.; and the Pedro Junction terminal at 8:34 p.m. and 11:09 p.m. The 10:30 p.m. bus from San Francisco will continue on to Pedro Valley, arriving at 11:12 p.m.

New evening service from Pedro Junction is scheduled to leave at 6:18 p.m., and 8:40 p.m.; Westlake at 6:35 p.m. and 8:49 p.m., arriving in San Francisco at 7 p.m. and 9:13 p.m.

PAPER SALUTES SCHOOLS' WEEK WITH FEATURE

Public Schools Week in California is saluted by Marchbanks Publications in this issue with a special spread on Page 6.

The facts on both Daly City-centered school districts were gathered and forwarded by School Superintendents Edward Morgan and Henry Weibel and their staffs.

Elementary schools have held open house sessions earlier this week. The high schools both will be open for similar activities this Thursday night, starting at 7:30 o'clock.

WHITE STREET 'LINK' OKAYED BY PLANNERS

County Planning Commission, on recommendation of County Engineer Don Wilson, by a 3-1 vote last week recommended the opening of White street to link Broadmoor to Westlake.

Supervisors will weigh the issue next Tuesday at their regular meeting. County funds for the project are not included in the present budget, however.

Only one planning commissioner, Richard Armstrong of San Bruno opposed the county project, siding in with Broad-

JEFF YOUTH, 14, STRUCK BY CAR, STILL 'CRITICAL'

Donald Tower, 14-year-old Jefferson High freshman, remained in "critical condition" today in Kaiser Hospital (SF), after he was knocked from his bicycle by a car Sunday afternoon near the Alemany approach to Westlake.

Unconscious for almost 24 hours, he was slightly better Monday afternoon, according to his mother, Mrs. Frank Tower, 291 Los Olivos.

Cause of the mishap and name of the motorist were not available at press time. San Francisco police handled the investigation.

Mrs. Tower, mother of five children, said Donald was presumably heading back to Daly City from watching boat races at Lake Merced when the incident happened about 4 p.m.

STATE AID PROJECTS

High School 'Timetable'

Timetable on high school district plans for the next four years, on a step-by-step basis and with the help of state aid, will be announced at next Monday night's meeting of the board of trustees. Starting time is 7:30 p.m., 375 South Mayfair, second floor.

Supt. Ed Morgan and his administrative staff, after long months of careful planning, figure to have all data ready for consideration of trustees. Projects to be pinpointed will be two new Coast high schools, in Sharp Park and Linda Mar; second increment to Westmoor and modernization of Jefferson High.

Each project's completion in the long-range schedule to meet expected enrollment through 1962, hinges on availability of state funds. For example, present square footage per student at Jeff and Westmoor "counted" against the district in asking funds for the Coast schools, reduces the amount the district would get for the Sharp Park and Linda Mar plants.

Using projected enrollments of students in local elementary districts, 5, 6, 7 and 8th grades, the district in firming its figures for state aid can project for funds on a system of four years for buildings and five yeas for sites.

Morgan and staff have been unable to pinpoint tentative date of opening for the Coast schools because they lack the final state justification agreement and acceptance in Sacramento.

The district is awaiting State Highway Division appraisals for a four-acre exchange south of the Sharp Park site. Architect Mario Ciampi is designing

Firemen Spare That Child . . . He's Stuck

Three big firemen saved tiny Frank Migliore, 4, from "going down the drain" here Monday morning.

The boy's leg got caught in a roof drain between homes at 124 Miriam street. Company 2 responded, led by Capt. Richard May, firemen Chuck Christian and John J. Jacobs.

Only scared by the incident, the tot trotted home, 178 Vista Grande. The firemen went back to business as usual, reported Chief Elmer Kennedy.

moor Property Owners Association, long opposed to the link "for safety reasons."

Wilson said an OK on the long-contemplated project was feasible now because of builder Henry Doelger's offer to provide fill for the link—free of charge, "something that would have cost the county thousands of dollars otherwise."

The county engineer, however, said he would not recommend an underpass at the proposed opened street, as requested by the elementary school district when it finally agreed to go along with the county plan. Wilson said an underpass would be too expensive.

Vern Box, who lives on Maddux drive in Broadmoor, appeared before the planners and reportedly said a "majority of residents" favor opening the street. He did not speak for the BPOA, it must be pointed out.

Armstrong, who like Supervisor Tom Callan of Colma, opposes the link because of traffic hazards, said the move would further complicate safety standards on Maddux and bring more traffic through the residential community.

Doelger, of course, welcomes the link to promote business for his shopping center, and many south-of-Westlake residents are in agreement, it is reported.

The state department of education has refused to grant an approved $450,000 loan to the JESD for the Pershing site until the controversy with SF is resolved.

Meanwhile, Weibel and the board's move to rush the school have run into a virtual dead-end street.

With the DC superintendent at Monday's session were Asst. Supt. David Shapiro, Engineer Dan Coleman, SM County Deputy District Attorney Lyle Edson, and two mothers of children housed at inadequate old General Pershing school.

From 9 to 9:30 p.m. in Jefferson cafeteria, the school band, under the direction of Richard T. Larsen, will play traditional selections. Meanwhile, at Westmoor in outer Westlake, from 7:30 to 9 in the gym, girls and boys will stage demonstrations of their physical education training. From 9 to 9:30 at Westmoor, in the main gym, Alfred B. Runnels will lead the school band in entertaining guests.

Morgan, and Principals John Mongan and Glenn South will supervise the open house events and will answer all questions visitors may pose.

the school, with preliminary plans scheduled to go to the state this fall.

Firm of Falk and Booth have been granted architectural contract for the Linda Mar plant, exact size of which is not definite. Sharp Park school, of course, will be built first.

Trustees recently "saved" taxpayers about $290,000 in bond funds which they moved to capital outlay for authorized on-and-off site work at Westmoor High. These treasury notes matured before their limit, thus giving the district needed money for this project, due to be let for bid this summer. Reduction in bond retirement repayment resulted from the transfer, Morgan enthused.

In routine business, the board also okayed a two-acre, no-cost property exchange with Zita Corporation near the lower Westmoor High football field and bordering the new subdivision, St. Francis Heights.

This was similar to an even smaller land swap with Henry Doelger negotiated last year.

the officials of the Division of Highways, in which I made clear my personal, unwavering opposition to this proposal."

"There is no question in my mind that if Alternate Plan 'A' for Daly City is adopted, it will be unnecessarily destructive and disruptive to your fine community," he said.

Francis promised, "I shall do everything possible to dissuade the State Division of Highways and the State Highway Commission from adopting this proposal for the extension of Alemany boulevard." "Furthermore, I shall cooperate to the fullest extent to assist your organization and all others in attempting to solve the highway problems of your city in my district."

He commended the civic and religious organizations on the "united front" already accomplished. In addition to the association, the campaign against this proposal has been waged by the Daly City Council, Westlake Catholic Women's Club, Westlake Catholic Men's Club, Westlake Methodist Church, and Temple Judea.

City Committee Seeks Additional Freeway Data

(Continued from Page 1)

recommends:

A) Neither Alternate A nor Alternate B should be approved by the city.

B) Instead, a third alternate should be designed—a Junipero Serra freeway, in the same location as shown on the present alternates, except that it be shifted approximately 300 feet west, as suggested, particularly in the vicinity of old San Pedro road.

What's Involved

This third alternate, according to the consultants, would necessitate major streets crossing over or under Junipero Serra freeway at four points: Alemany-Knowles, School-87th, Washington street, and Edgemar-San Pedro avenue. The route also would require a "crossover" (connecting Coast Freeway to Junipero Serra freeway), located approximately parallel to and 2000 feet south of the one proposed or Alternate B.

The report also stipulates that with this third alternate, access from local streets to the freeways and conversely from the freeways to the local streets should be provided for north and southbound traffic at or near: intersection of Knowles-Alemany and Junipero Serra, San Pedro avenue, and on the proposed St. Francis boulevard.

Pacelli said the city's former resolution to the state, asking that the freeway be routed along Stanley drive in SF and outside of Daly City, would involve many questions yet unanswered.

"This committee is working for all of Daly City," repeated Pacelli. "Only a solid effort will help us in this matter."

Officers said the assailant, if found, would be booked for attempted kidnaping and assault with a deadly weapon.

$205 Purse Snatch

A bold juvenile, about 13 to 15 years old, Tuesday snatched a purse containing about $205 cash from Pauleen Dammergasso, 66, of 241 First avenue.

Police said the incident occurred about 3:45 p.m. near Market and First.

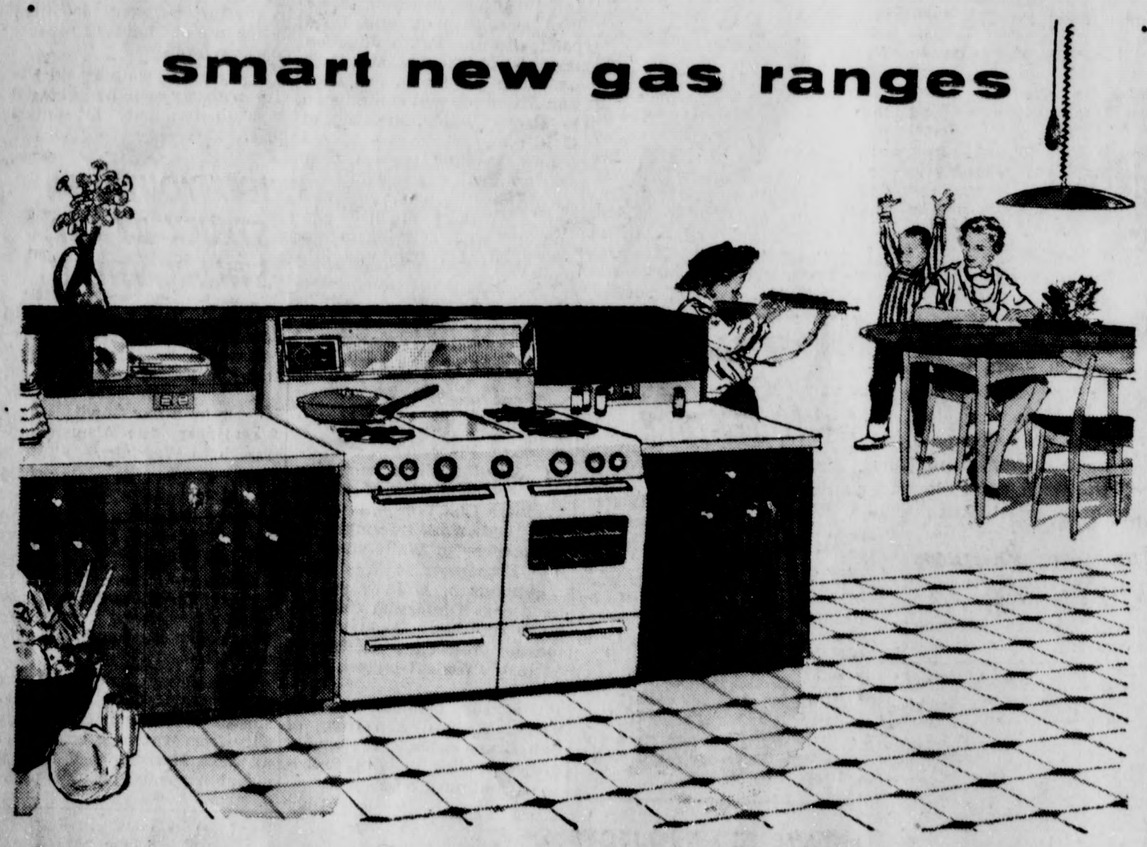
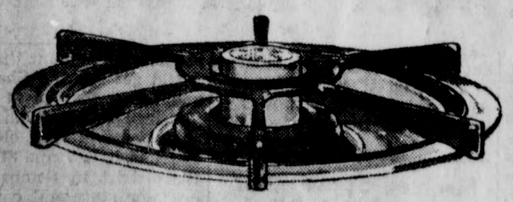
smart new gas ranges



have this burner-with-a-brain



Takes the guesswork out of cooking...stops burning, boilovers and curdling!

A sensing device in the center of the burner raises and lowers flame *automatically*. Just set a dial—the burner-with-a-brain maintains the exact heat your recipe calls for. Fussy foods like eggs and cream sauces turn out perfect every time . . . without watching. You can even have a griddle with this same automatic heat control. Gas ovens and broilers are news, too. There's a "magic" meat thermometer for perfect roasting, a 3-spit rotisserie for indoor barbecues . . . all designed to make gas ranges the last word in modern, automatic cooking. And a beautiful addition to any kitchen!

THE PUBLIC AND OUR SCHOOLS

The people who supervise and staff our schools urge everyone to consider the progress made and problems involved in public education here.

"Public Schools Week," the 39th annual observance in California, comes at a most critical time. Locally and nationally much debate is focused on the effect American education must play in resolving international unrest.

Daly City's self-governing school district's—operated by professionals and lay boards of trustees, have much to their credit. Times change and likewise the people who make the decisions on our schools.

Like most opportunity-abundant California cities, this community's hired and elected leaders are hard pressed—as never before—to keep apace of population boom and subdivision development. Shortage of local tax funds and state budget money make the task of securing adequate sites and new buildings a staggering and nerve-rending role.

Only through serious and sustained public appreciation and attention to these problems of administrators and trustees can progress be made easier.

Like educators and trustees, the public has a heavy obligation to tackle immediate needs—both for facilities and in the field of determining curriculum.

Double sessions, red-tape delays and time-consuming paperwork are necessary evils in the process. But these problems are widespread. Thousands of communities are struggling to give the best possible support to the younger generation.

Much more must be done for our schools. By realizing that goals can only be achieved with full public support, parents can make the burden of professionals and trustees less staggering.

We shouldn't have to be reminded to back our schools.

They are our immediate and perhaps only remaining safeguards for maintaining leadership in this age of uncertainty.

Letters To The Editor

Resident Says Paper Presents 'One-Sided' View

In my opinion, your editorial, "Voice of the People Prevails," in the April 16 issue, was biased. Your newspaper has always presented a one-sided version of the issues involved and failed to bring both sides of the argument to the public.

Please do not include me as part of your "all" of Daly City because I do not agree with your presentation of the facts. If both sides of the "sales tax" issue had been clearly presented to the people by your paper, I am sure that residents of our community would realize the feasibility of acquiring revenue through this source in order to alleviate the burden of continued tax increases upon property owners.

Our greatest problem in Daly City today is an attempt to bring all the facts to the people because you and your antagonistic attitude will not do so. Why? Is it true, as rumored, that your paper has lost out on certain bids from the city or because of the vested interests of some of your greatest advertisers?

Why not present both sides of the Stites' issue? We're not quite concerned solely with Stites as a person, but we are concerned with the principles for which he fought in this community.

The "Voice of the People," as you so aptly have called it before, was demonstrated last Tuesday night by the applause given the so-called "minority councilmen." Thank goodness they will focus our attention to what is going on **in and out** of the City Hall.

In all fairness, many of my neighbors and I hope that you see fit to print this letter.

Sincerely,
Leonard J. Brown

'AUTOCRATIC' SCHOOL BOARD, CLAIMS READER

Dear Editor:

Having followed the recent ruling of the Jefferson Elementary School District board in regard to the dismissal of the superintendent of schools, and their public statement that they considered the matter closed, I should like to say that there are many of us who are not satisfied by this autocratic action of the board.

Considering the wishes of a legion of voters, would the school board not welcome the setting up of an outside evaluation committee to study the matter from all angles, and then make public their findings?

Such a committee could be appointed by the county superintendent's office at the suggestion of the school board, I understand. It would seem like a fair solution for everyone concerned if such an impartial survey team were instructed to make an over-all analysis of the administration and then report their findings.

Very truly yours,

Mrs. William J. Davis

Woodrow Wilson PTA Praises Coverage

Dear Mr. Bradshaw:

Sincere thanks are extended to your publication by the officers and members of Woodrow Wilson PTA. The success of many of our projects and affairs was helped by your cooperation in printing our publicity releases. A special "thank you" goes to Mr. Roy Hurlbert who was most helpful. Your news workshop last September was most informative.

With the installation of a new slate of officers this month, I know that these succeeding chairmen will appreciate the consideration and helpfulness of your organization as much as we have this past year.

Sincerely,

Mrs. J. D. Walsh
Publicity Chairman

DC WIFE AMONG FIRST GRADS OF 'CHIROPRACTIC'

Mrs. Donald D. Dickson of Daly City was among a group of 12 women from Bay Area counties who comprised the first class of registered chiropractic nurses to be graduated in the state of California.

Presentation of the diplomas and the principal address was made by Dr. Leo Montenegro, secretary of the State Board of Chiropractic Examiners, at a dinner meeting in Oakland, April 12.

Dr. L. Howard Fenton of Menlo Park, president-elect of the California Chiropractic Association, was guest speaker and also installed officers of the newly formed Chiropractic Nurses Association. Mrs. Fenton, an officer in the National Auxiliary, addressed the group.

NEWEST "Oregon ambassador" is Henry Steele, captain of the tanker Trojan of the Marine Transport Lines, who will carry word of Oregon's 1959 Centennial Exposition and International Trade Fair to Yokohama, Bombay and the Persian Gulf. Captain Steele is a Daly City boy and a former star athlete at Jefferson High. At 33, he is one of the youngest sea captains in the service. Pictured with him is Mrs. Harold Holmes, sister-in-law of the governor of Oregon and a member of the Centennial staff in Portland, who presents Captain Steele with a supply of certificates signed by Governor Robert Holmes. Steele will make additional Oregon ambassadors of industrial and commerce leaders in foreign ports where his ship visits. Oregon exposition runs from June 10 to September 17, 1959, in Portland, and will incorporate the first international trade fair ever held in the West. More than 30 foreign countries are expected to exhibit at the Oregon fair. Captain Steele's parents are Mr. and Mrs. John I. Steele, 475 Winchester street, Daly City.

GIRLS SUPERIOR?

Westmoor Scholar List Mounts; 197 Students Make Honor Roll

Westmoor students have again disproved the fact that all teenagers are dumb.

Statistics just released by Westmoor High show that 17 percent of the student body have earned a grade point average of "B" or above last semester.

Topping the scholarship race for this semester were new Freshmen, with 54 of the students gaining an average of "B" or better—proving further that elementary grade students can make the transition to high school without much difficulty. The Sophomores followed the freshmen with 51 honor students, and the Seniors placed third with 50 students. The Juniors tumbled from their first place of last year to last place with 42 students.

Again proving the superiority of women, 108 of the "weaker sex" gained the "B" average as compared to 89 boys.

Proving that scholars are not always buried in their books, 36 of these students are engaged in student government activities, 38 in the Boy's Block "W," 22 in the Girls Block "W," 39 of the boys are active participants in Westmoor sports, and 43 of the girls are active in the girls athletic association.

DISPLAY TALENTS

Kipstars To Perform In San Mateo Contest

Four performers and the Blue Jacks combo of Daly City's KIP Workshop, this Wednesday through Saturday will perform under direction of Mrs. Leota Swager in the "Home Show" talent contest, at county fairgrounds in San Mateo.

Mrs. Swager, talent division supervisor, will escort Kathie Sallade, Lynn Sallade, Anthony Miley, Laurie Swager and the Blue Jacks.

The Miley youth recently won third place in quarter-final judging of Moose Lodge "Search For Stars" competition.

On April 16, KIP members, led by Miss Donna Tillson, their drama coach, toured San Francisco State College theater. They received 25 tickets to the collegiate presentation of "Teahouse of the August Moon."

Two days later, Kipstars entertained D Battery, 740th Guided Missile Battalion, in Alvarado. Making the trip were Gail Vaurs, Cathy Cubic, Richard Fenn, Arlene Johnson, Kathy Sallade, Anthony Miley, Dorcal Wilms, Laurel Swager, the Larson brothers, and the Blue Jacks (Dennis Cardinale, David Heneise, Bernie Rivera, Dan Whitney and Jerry Morgan).

Notre Dame Fathers Club recently donated $25 to the KIP treasury.

KIP Director Kay Irvine entertained 185 Bluebirds at Holly Park last Saturday, enchanting them with many famous stories.

At Saturday's KIP executive board meeting, Joseph DiMaggio (not the ballplayer) was welcomed to membership.

TREMENDOUS SPECTACLE

Girls Invade Community Center Saturday For 'Scouts-In-Action'

By Servart Ojakian

The Girl Scouts of the Daly City, Colma and Bayshore area have completed their plans and are waiting in eager anticipation of "their day," this Saturday, April 26, when they will perform their annual "Big Show," Scouts-in-Action, from 1 to 4 p.m. at Daly City War Memorial building.

Admission is free for this open-house style event, and everyone is invited to attend with their families. One can drop in at any time between 1 and 4 p.m.

International Scope"

Girl Scouting is upon a national and international basis and a once a year demonstration-exhibition program for the public to view, can give insight into its purposes, accomplishments and results.

"You Can Count On Her—Can She Count On You?" This is the motto adopted by the National Girl Scout organization; and in a nut-shell, is the gist of the whole Scouting program. The Daly City Girl Scouts are putting their best foot forward in a good show. Will you, the parents and the public be there to applaud their project?

One can spend time watching the festivity and gaiety of the children in their singing and dancing program, or wander about the auditorium taking in their cunning handiwark. There will be individual decorated booths with exhibits, as well as group demonstrations. Children participating range in age from the little seven-year-old Brownies to the 18-year-old Seniors in high school.

Some of the demonstrations will include candy making and baking of cookies. There will be arts and crafts such as basket-making, toys from spools, clay work, and copper enameling. Some of the girls will show how to build different types of fires, prepare for day camp, and how to be a Brownie Scout. Seniors will man a First Aid booth and have a book-drop to aid the Friends of the Library. Donations of good, usable, hard-backed books will be accepted for the use of the library. Any books on Girl Scouting would be heartily welcomed.

Mark this Saturday on your calendar as a "must" date.

SCOUTERS PLAN 'APPRECIATION DINNER' FETE

Scouting's tribute to its adult leaders—a huge potluck "Appreciation Dinner" at Westmoor High cafeteria at 6:30 p.m. on April 29—should draw an estimated 600 parents together from the Lake Merced-Westlake area, C. Russell Hanley, dinner chairman, said this week.

Early signups indicate well over 550 enthusiastic Scouters will gather to honor volunteers who keep the nation's outstanding youth program going and growing in this district. The dinner, formerly an annual mass fun session held in such places as the Cow Palace and SF Civic Auditorium, will provide the first opportunity for local Scouters to "get acquainted" in the new school facility. Plans for the affair were began months ago by the District Scout Committe headed by its chairman, Superior Judge Frank Blum, and its commissioner, Howard Stites.

Dr. Edward Griffin, chairman of the department of education at University of San Francisco and prominent in the national Scouting program, will be the dinner speaker, and master of ceremonies will be Charles E. Myers, 19th District State Assemblyman and a district Scout leader.

Hanley said dinner arrangements are rapidly being completed by Mrs. Grace Woods, Richard Laine, and Frank Clifford. Hostesses for the dinner are scheduled to attend a planning meeting in the school cafeteria at 3 p.m. Wednesday, April 23.

Bayshore, Brisbane Trustee Candidates Set For Election

Voters in the Bayshore and Brisbane elementary school districts Friday sized up lists of candidates for the May 20 election of trustees.

Bayshore incumbents Mrs. Pearl Butler and Mrs. Marcia Datzman are unopposed for re-election.

Candidates for the two Brisbane trusteeships are incumbent Edward R. Whitson, and Samuel Mirza, Curtis H. Richards Jr., Stephen Rewak and William Vidaver.

Terms of Whitson and Charles May expire in June. May resigned recently due to his business commitments, a move "accepted with regret" by Supt. Natalie Lipman and fellow trustees. His replacement will be named soon by a county-appointed committee.

SCHOOL EMPLOYEES GET 'RECOGNITION' NIGHT ON COAST

"School Employees Recognition Night" followed Tuesday evening's regular meeting of Laguna Salada School District trustees.

Feted were staff members, who, according to Supt. Fred Lucas, attained tenure status and "who have made some special contribution to our schools during the past year."

Invited to attend the employee-feting reception were James Tormey, County Supt. of Schools, executive board of Laguna Salada Teachers' Association, members of the Citizens Advisory Group, and outgoing and newly installed officers of district PTA's.

Names of employees honored will be released for the next issue.

Governor Firm In Policy On Drunk Drivers

Officials of several other states are investigating California's new drunken-driver law with a view of adopting a similiar measure, Governor Goodwin J. Knight relates in the current issue of Saturday Evening Post.

His article, "We Jail Drunken Drivers," written in collaboration with Bruce Lee, says the drivers don't like going to jail, but they weren't supposed to.

"And if they're too spineless to blame themselves for their predicament, they can blame me," the governor declares. "I sponsored the legislation that put them there, and last September 11, I had the pleasure of signing it into law—the toughest crackdown on drunk driving in the nation's history."

The governor says that he expects, because the law is tough, that in 1958 alone, thousands of accidents will be prevented in this state, more than a hundred lives will be saved and millions of dollars conserved.

It is reported that drunken drivers kill three people in California every day. They are responsible for one of every 4.3 injuries. Drivers who had been drinking are responsible for one of every five of all traffic accidents. And other states report similar statistics.

"My solution to the problem lies in swift, sure punishment for the drinking driver," Knight comments. "If he causes injury, he goes to jail as well as paying a heavy fine; and with the second conviction a jail sentence is mandatory, in addition to the fine.

"There are no alternatives. The law does not permit bail-outs, suspended sentences or probations. And the sternness of these provisions is having its effect."

Eggs are a natural protective food recommended by nutritionists to be included in the diet in some form every day.

The Town Record

By Roy Hurlbert

Public Schools Week:

Parents and patrons too often remember schools only at election time and on official "days" and "weeks."

Daly City's two districts, high school and elementary, have made progress. But the road is still tough to hoe.

Keep in mind that running the schools is an around-the-clock business, requiring much from the professional men at the top.

Low-paid and overworked teachers, here and elsewhere, also deserve the salute. Only a few apples in the barrel dislike the task. Most love the work—despite its lack of material rewards.

Opening of Vista Grande school, though late, sliced the double session count of elementary students. Vista Mar next will take about 500 off the split-sessions.

High school wise, don't worry about double sessions this year and next. Last year's doubling up of Jefferson and Westmoor won't be repeated.

Trustees are on the ball in working with school chiefs to get adequate housing as quickly as demand warrants and money (state) permits. And the budget in Sacramento for schools in the nation's most progressive state for education, doesn't go far.

Emergency legislation must be hustled through at capitol dome.

Real fighter, this guy GENE LOCKHARDT, the "Muffler Man," running for county sheriff. We didn't say he was running from the sheriff.

The auto fixer has no experience in law enforcement. Many people ask then, how come he runs?

Well, he figures the sheriff must be an administrator, not a beat-walking badge wearer.

Muni judgeship in South City has north county voters puzzled. All three candidates have lottsa backing, they boast.

Who will it be: BECKER, FAHEY or GAUDIO?

Cal Teachers Assn., a potent group, had best answer to clear up South City schools mess—a feud that has made the Hatfield-Coys brawl a small argument.

CTA recommends the entire school board (split 3-2) should resign.

Minority will, if the majority will.

RAY OTTOBONI won high vote for Colma Council with 89 out of 159 registered picking him.

"Block" vote wins in Colma. Your block (neighbors) can swing the election.

Whole Peninsula is rocking and rolling because of Burlingame. The residential burg has two ladies on the council.

Pfc. William Ryan Bound For Europe With 3rd Infantry

Pfc. William D. Ryan, son of Mr. and Mrs. William E. Ryan, 153 Miriam street, Daly City, is scheduled to leave Fort Benning, Georgia, this month for Europe under "Operation Gyroscope," the Army's unit rotation plan.

Ryan is a member of the 3d Infantry Division which is replacing the 10th Infantry Division in Germany.

A cook in the division's Headquarters Company, he entered the Army last May.

The 18-year-old soldier attended Downey High School, Modesto.

NEW OFFICERS of Woodrow Wilson PTA toe the official line following recent installation. Left to right, the Mesdames: Mendel Plankey, installing officer; Wallace R. Clark, president; Lawrence J. Meaney, vice president; Ethel B. Hahn, honorary vice president; Anthony Giammona, recording and corresponding secretary; Arthur Hermosillo, treasurer; Felix Olvia, auditor, and Robert Van Zandt, historian.

'PUBLIC SCHOOLS WEEK'

2400 Attend Jefferson, Westmoor

Dating back to 1922 when enrollment was 46, Jefferson Union High School District today is staffed with 212 personnel, populated by approximately 2400 students, and pushing plans for three more schools by 1965.

Supt. Edward Morgan, San Francisco State alumnus who succeeded Stanford Hannah as JUHS chief, said that by the time both the Sharp Park and Linda Mar schools are ready, the district will have more than 4000 pupils. By 1966, the figure will go over 5000.

Eliminating double sessions last fall with the opening of $3.5 million Westmoor High in outer Westlake, Morgan, his staff and trustees are optimistic for the immediate future as the district enters the state aid program. Funds from Sacramento are vital in the timetable for speeding the two Coastside schools, completing the second increment to Westmoor, and "modernizing" that monarch of schools—Jefferson.

Staff of 212

The certificated and classified staff of 212 includes 111 regular teachers, 9 supervisors, 4 administrators and 17 secretarial-bookkeeping employees. Others are 16 custodians, cafeteria workers, 11 part-time pool drivers, 11 bus drivers, 8 gardeners, 7 on Adult School staff, 5 maintenance, 3 transportation, and 2 laundry bosses.

The district has 4 deans (two at each school), 2 attendance supervisors, 2 nurses, and one director of testing.

More counseling service is a primary goal for next year.

Total of 519 classes are presented to district students daily—260 of these at Jefferson.

Classes offered each school day: English, 94; Physical Education, 73; Social Studies, 65; Mathematics, 55½; Industrial Arts, 49; Commercial, 47; Science, 41; Fine Arts, 36; Foreign Language, 30; Homemaking, 20; Counseling, 6, and Mentally Retarded, 3.

Dollar Breakdown

Estimated income coming to the district this year amounts to $1,418,995, consisting of the following percentages:

Federal, 1.05%; State, 22.54%; Local Taxes, 75.43%, and Miscellaneous, .98%.

Each tax dollar is used by the district as follows: Administration, .04 cents; Salaries, .518; Instruction Costs, .093; Operation, .116; Maintenance. .036; Auxiliary, .019; Transportation, .136; Fixed Charges, .035; Food Service, .005; Community Service, .011, and Capital Outlay, .090.

PROCLAMATION OF THE MAYOR

WHEREAS, citizens of this area have never been more vitally interested in the progress and problems of their public schools, and

WHEREAS, Daly City's tremendously expanding population, coupled with today's urgent demand for leadership, has intensified existing school crises of teacher shortage, building scarcity, financial support, and the constant need continually to improve educational effectiveness, and

WHEREAS, any conditions which impair educational opportunity for all youth constitute a serious threat to their educational development, and

WHEREAS, we must do everything to increase the effectiveness of our youth to be the responsible participating citizens of tomorrow,

NOW, THEREFOR, BE IT RESOLVED that I endorse the thirty-ninth annual observance of PUBLIC SCHOOLS WEEK to take place April 21 through 25, 1958, and urge each citizen to visit at least one school in this area during Public Schools Week to exercise his right and responsibility to know first hand the facts about the schools in order that he may justly evaluate their achievements, and that he may do his part in strengthening understanding and appreciation of the vital contribution our schools have made and must continue to make in the days ahead.

Signed this 17th day of April, 1958

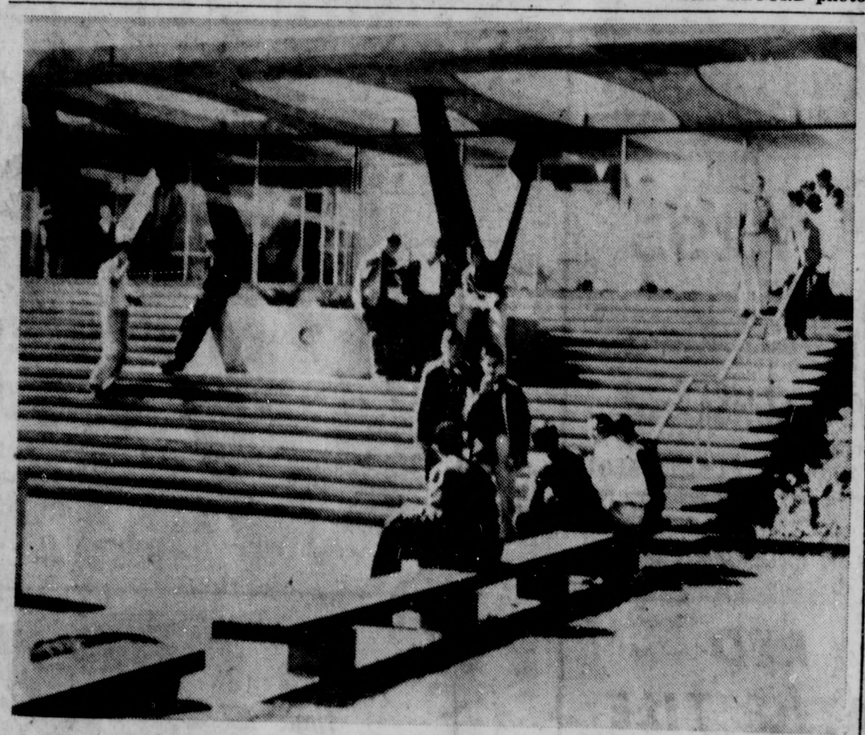
Micheal R. DeBernardi
Mayor
City Of Daly City

FORCED to work in small and inadequate classrooms and with limited play areas outside, elementary and high school teachers nevertheless apply maximum efforts to daily educational techniques. This class at old General Pershing School, outmoded years ago, certainly merit as as much attention as more fortunate youngsters in larger plants. Administrators and trustees, opposed much because their plans call for bigger schools, maintain that the plants not only must be constructed to "last," but must be adequate in acreage to accommodate maximum enrollment.

THE RECORD photo

DOUBLE-DECK schools in busy districts, though less expensive and quicker to obtain in some cities, are not considered the best answer by national and local school leaders. Educators maintain that adequate playground areas are equally important as classrooms. The latter, however, must have priority, but if both are possible, students are much better off in the learning process.

THE RECORD photo



ENVIRONMENT at its educational best typifies ultra-modern Westmoor High, designed by Architect Mario Ciampi, who has received national and international recognition for the $3.5 million Daly City high school's functional effectiveness. The plant, featuring unique barrel-vault construction, is considered one of America's finest centers for secondary education.

Fontana, Appleton Are The Chairmen

Elio Fontana and Hartley Appleton are chairmen of Daly City's two school district boards of trustees.

Fontana's high school board partners are Mrs. Anna Eason, Lyal Ingersoll, Donald Miller and Raymond Miller.

Appleton's fellow elementary board trustees are Michael Callan, Joseph Lewkowitz, Mrs. Katherine Mullen and Mrs. Doris Wimberly.

Fontana is a Colma monument company executive. Appleton operates a law firm.

4 Superintendents

William J. Savage (1918 to 1931) was first superintendent of Jefferson Elementary School District.

Next came R. L. Crane (1931 to 1948), James L. Snell (1948-1951), and Henry Z. Weibel.

Weibel, 53, has served almost three decades in the field of education.

DISTRICTS COVER MUCH TERRITORY

Jefferson Union High School District houses students from Daly City, Colma, Broadmoor, Pacifica, Bayshore and Brisbane.

JESD BOASTS 11 'VETERANS' ON FACULTY

Not less than 11 Jefferson Elementary School District faculty members have devoted more than 25 years of service to education in Daly City.

These veterans include Marie Traynor (retiring this June), Marjorie Tobias, Hazel Colwell, Hester Blaylock, Muriel Vint, Alfea Belli, Mae Varni, Aileen Suber, Ethel Hahn, Elisabeth Kennedy and Grace Kearney (also retiring).

BATTLE WITH TIME

More Than 5000 In Elementary District

Battling double sessions and phenomenal growth, Jefferson Elementary School District today operates 12 schools and has mapped 9 more new plants by 1962.

Supt. Henry Z. Weibel, the fourth district leader since its inception in 1866, reports current pupil population at 5610. By the '61-'62 school year, the total will exceed 10,000.

The cost of the nine new schools needed by 1962 will amount to about $11 million, $9,500,000 of which comes from the state—depending on availability of funds.

The JESD certificated staff this year includes 194 regular teachers, 10 principals, 6 coordinators, 2 nurses, a district librarian, one full-time vice principal, 2 assistant principals, and one part-time administrative assistant. Three doctors of education assist Weibel in upper echelon planning.

District schools, ranging in population from 129 students to 893 (double sessions), mark an awkward contrast of old and the new. Pioneer of them all is soon-to-go Jefferson Annex in Colma, on old San Pedro road. It has been in use for sixty years, and at one time housed high school students. Woodrow Wilson, Thornton and old Gen. Pershing date back to the World War 1 era.

These old-time plants offer grim comparison to modern Westlake, Olympia, new Vista Grande and soon-to-open Vista Mar.

Projects on the district's priority list to adequately house youngsters and help cut down double sessions:

By next month, seven classroom additions to Ben Franklin should be finished. The school next fall will operate on the same basis as Colma Intermediate. A third "junior high" school (7th and 8th grades) should be ready by 1962.

Vista Mar elementary in Westlake will open this September. Additions of one kindergarten and two classrooms to Olympia will be completed by this fall.

Westlake Basin and M. Pauline Brown schools are tentatively to open in late '59 or early '60.

Stymied by San Francisco officials, the new General Pershing school probably won't open until 1960.

Two classroom additions to Jefferson will ease the crowded plant next year.

Abraham Lincoln and Thomas Edison schools (south of Westmoor High) are due in late '60 or early '61.

By 1961, Gaspar Portola, Daniel Webster and Christopher Columbus should be operating in St. Francis Heights subdivision.

Westlake Students Hear Dignitaries

Former mayor and now Councilman Joesph Verducci treated students in Westlake School third grade to a talk on city government recently.

Another visitor to the elementary school was Mrs. Marion Garthwaite childrens' librarian of San Mateo County library. She spoke about her experiences among the California Indians.

Two For Tonight

By Lenore Brewer

Eugene O'Neill's "Long Day's Journey Into Night" opened at the Geary Theater last week. It is a long gloomy backward look into his early life by one of the world's great playwrights, and thanks to superlative performances by a small powerful cast, what emerges from all this sorrow and remembered bitterness is soul-shattering theater.

Fay Bainter plays the role of Mary, wife of one-time matinee idol James Tyrone (Anew McMaster) and mother to Jamie (Roy Poole) and Edmund (Chet Leaming). As the day moves toward night we learn that she is incurably addicted to drugs, and as the tortured family digs back into its past filled with its unburied hatreds we learn why.

In the long gone past the elder Tyrone had accepted a superficial, easily played role that brought him great box office rewards at the expense of his artistic fulfillment. Despite considerable wealth, his morbid fear of poverty has corroded his life and the lives of his family.

Frustrated Poet

Married to a man who only felt comfortable in cheap bars, Mary shared the dismal hotel rooms and exhausting one-night stands, bearing children (one of whom died) and spending endless lonely hours waiting for his friends to carry him home. Eventually a long illness treated by an inept doctor had lead to her addiction.

The tragedies of the parents are visited upon the children. Jamie is steadily drinking himself into an alcoholic's grave and Edmund is a frustrated poet facing what he fears is certain death from consumption.

Miss Bainter is superb, moving from an early uneasy calm into brief lapses from the present and finally to complete detachment from reality. Roy Poole makes a mocking Jamie, alternately loving and hating his brother, professing disinterest in his mother's problem, but despairing over her slipping into her dream world. Chet Leaming's Edmund is a tragic picture of the young playwright, remembering his youth and railing at lost opportunities.

Commanding Presence

Andrew McMaster brings to the role of the elder Tyrone a commanding presence and a magnificent voice. He roars and pleads, is proud and humble, projects the tragedy of a Lear and the redolent hamminess of cheap melodrama. This empty shell approaching the end of his life, haunted by the knowledge that he has been the instrument of his own destruction breaks your heart.

When the final curtain fell abruptly, we went right out and had a drink. We needed it.

DOGS

The Indians of eastern New Mexico were using dogs as beasts of burden when the Spaniards arrived in that area, reports the National Automobile Club.

SM County Fiesta Planners Announce 'Dream Girl' Contest

The San Mateo County Fair and Floral Fiesta has been appointed by the board of supervisors to select San Mateo County's entrant in the California State Fair and Exposition's "Maid of California" contest. The girl selected to represent San Mateo County at the State Fair will be chosen "Fiesta Dream Girl" in a contest, traditionally held in July on the San Mateo County Fairgrounds.

The State Fair and Exposition has made a few changes in their contest rules, which must be incorporated in the contest rules for Fiesta Dream Girl. Announcements of and information about the Dream Girl Contest will be forwarded to city councils. They, in turn, will appoint an organization in their city to hold a contest in which their city's loveliest girl will be chosen to compete in the Fiesta contest.

Selecting a girl as queen of the San Mateo County Fair and Floral Fiesta is a tradition extending back more than ten years. The girl chosen as the Fiesta Dream Girl will reign over the Fair's nine-day run, August 1 through 9. Each contestant in the Dream Girl Contest will be the official hostess and representative for her city at the Fiesta.

Daughters Of Israel Elect New Officers

Sisterhood of Congregation B'nai Israel, The Daughters of Israel, recently elected new officers. Chosen were: President, Bess Silen; First Vive-president, Lillian Lichtman; Second Vice-president Gertrude Barsky; Secretary, Muriel Rubin, and Treasurer, Alice Blumenfeld.

Guardian is Betty Herschel, Conductress is Paula Goldstrom, Counsellor is Hannah Goldberg, and Trustees are Mollie Bressler, Sara Goldberg and Lois Cohen.

'SAFE DISTANCE' DRIVING URGED BY PATROL

To assure safety when driving behind another car in traffic, there should be a minimum following distance of one car length for each ten miles of speed.

This advice was given motorists today by the California Highway Patrol in an appeal for assistance in reducing the number of traffic accidents caused by following too closely.

"Last year 5083 "following too closely" violations were noted in the 89,571 fatal and injury accidents on our streets and highways," declared Patrol Commissioner B. R. Caldwell. "Usually, a driver following too closely is also driving too fast for conditions and is unprepared for any sudden stop or change of action by the driver being followed.

"Drivers who follow the car ahead too closely fail to realize the physical laws involved." Caldwell stated. "Reaction time and distance necessary to stop the car at various speeds are laws we must consider if a safe distance behind the other car is to be maintained.

"A good rule-of-thumb is one car length for each ten miles of speed," the Commissioner continued. "This will normally allow for safe stopping distance on dry pavement and a good reaction time.

"On wet or slippery pavements or under other adverse conditions, the distance should be increased accordingly."

B'nai Israel Marks Israel Anniversary

Services at Congregation B'nai Israel, 67 Los Banos, will be held this Friday, commemorating the 10th anniversary of the establishment of the state of Israel. Services will begin at 8:15 p.m., with Rabbi Solomon A. Shore officiating.

President Reuben Pinkus announces that special services will be held on Saturday, April 26, at 10 a.m., and appointment of Eddie Sennett as membership chairman will be made.

THERE will be no let-up in the number of students crowding Jefferson Elementary District's present and planned plants in the immediate future. Public support for new facilities is necessary if administrators and trustees are to be able to materialize well-in-advance plans for adequate school housing and play areas.

Lou Francis Bill On New Bay Bridge Passes To Senate

Legislation authorized by Assemblyman Louis Francis was passed yesterday by the State Assembly providing for about $175,000 for plans, surveys and estimates for an additional bridge across the San Francisco Bay between the counties of San Mateo and San Francisco and the county of Alameda.

The Francis bill directs that "the unexpended balance of the Southern Crossing Engineering Fund shall be available for expenditure by the Department of Public Works for preparation of surveys, plans and estimates, and obtaining traffic and financial studies, in connection with the financing and construction of an additional toll bridge or other toll highway crossing across the Bay of San Francisco between the County of Alameda on the east side of the Bay and the city and county of San Francisco or the county of San Mateo on the west side of the Bay."

This new measure has now been sent to the Senate for approval and gives a "fresh start for a new study of another crossing of the San Francisco Bay which is immediate and urgent," according to Francis.

The new legislation is an aftermath of the failure of the original controversial Southern Crossing which the California Toll Bridge Authority recently determined can not be financed and built at the present toll rates in effect on the San Francisco-Oakland Bay Bridge. The statutory provision for the Southern Crossing expires in July this year.

BOARD OF TRUSTEES OF THE JEFFERSON UNION HIGH SCHOOL DISTRICT, COUNTY OF SAN MATEO, STATE OF CALIFORNIA

RESOLUTION OF INTENTION TO SELL CERTAIN SCHOOL DISTRICT REAL PROPERTY AND NOTICE INVITING SEALED PROPOSALS

RESOLVED, by the Board of Trustees of the Jefferson Union High School District, of the County of San Mateo, State of California, that

WHEREAS, the Jefferson Union High School District is the owner of certain real property described as follows, to wit:

All that certain real property situate in the County of San Mateo, State of California, described as follows:

Portion of Lots 22 and 23, as designated on the map entitled "MAP OF THE PIERCE, VAN WINKLE AND PATTEN TRACTS," which map was filed in the office of the Recorder of the County of San Mateo, State of California on December 19, 1883 in Book "B" of Maps at page 3 and a copy entered in Book 1 of Maps at page 20, more particularly described as follows:

BEGINNING at the most southeasterly corner of the lands described in the Deed from Marsede Zanone et al, to Jefferson Union High School District, a union high school district of the County of San Mateo, recorded October 20, 1952 in Book 2313 of Official Records of San Mateo County at page 549 (36708K); thence from said point of beginning, along the general southerly boundary line of the lands described in said Deed to Jefferson Union High School District, South 89°33'35" West 700 feet, South 0°07'05" West 300 feet and South 89°33'35" West 77.24 feet; thence leaving said boundary line, North 0°10'00" West 262.02 feet; thence northerly and easterly on the arc of a curve to the right, tangent to the preceding course, said curve having a radius of 65 feet, through a central angle of 90°, an arc length of 102.10 feet; thence tangent to the preceding curve at the last mentioned point, North 89° 50' 00" East 695 feet; thence North 0° 10' 00" West 20.53 feet; thence northerly on the arc of a curve to the right, tangent to the preceding course, said curve having a radius of 1125 feet, through a central angle of 10° 49' 12", an arc length of 212.45 feet to the easterly line of the lands described in said Deed to the Jefferson Union High School District; thence along the last mentioned line South 0° 07' 05" West 255.03 feet to the point of beginning.

WHEREAS, said real property is not needed for school classroom buildings by said School District, and it appears to be in the best interest of said School District to sell said property to the highest bidder, for cash, pursuant to the provisions of Section 18601, et seq., of the Education Code of the State of California;

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED AND ORDERED as follows:

1. The real property hereinabove described is not needed for school classroom buildings and it is the intention of this Board to sell said real property to the highest bidder, for cash, pursuant to the provisions of Section 18601, et seq., of the Education Code of the State of California;

2. Said property shall be sold for cash at a minimum price of not less than $2,000.00, subject to all liens and encumbrances of record. The School District will execute a quitclaim deed to the successful bidder, reserving however the right to reject all bids to sell the property and to withdraw the same from sale;

3. At 8:30 o'clock p.m., on Monday, the 14th day of April, 1958, at the regular meeting place of this Board, 375 Mayfair Avenue, Room 214, Daly City, California, this Board will hold a public meeting at which sealed proposals to purchase the property hereinabove described will be received and considered;

Before accepting any written proposal, the Board shall call for oral bids. If upon the call for oral bids, any responsible person offers to purchase the said property upon the terms and conditions specified herein for a sum exceeding by at least five per cent (5%) the highest written proposal, such highest oral bid shall be finally accepted unless this Board elects to reject any and all bids submitted.

4. The Clerk of this Board is hereby directed to cause copies of this resolution, signed by not less than a majority of the members of this Board, to be posted in three public places in the School District for not less than 15 days before the date set for the receiving of proposals to purchase said property, and to cause a copy of this resolution to be published not less than once a week for three successive weeks before said date in the Daly City Record, a newspaper of general circulation published in the County of San Mateo.

Regularly passed and adopted this 14th day of April, 1958.

Something For Everyone

By Samuel Chandler
Daly City Librarian

It has been observed that America is populated by a greater number of characters than the rest of the world. This is ascribed to the liberty that prevails among us which in turn is ascribed to our form of government.

Because many of us believe that liberty is the right to do anything we want to do, this statement contains a contradiction, for one purpose of government is to restrict our individual liberties with laws that provide for the well being of the greatest number of people. This is a fact that many of us forget when we meet governmental restraint.

"This is a land of the free," we say. "I can do what I please." And, nothing daunted many of us hate the authorities who keep us from doing exactly as we want even though our action may harm others. So here is a paradox: many officers are unpopular for making us obey laws that benefit our fellow citizens and ourselves.

Read 'Sages'

Such hate and the misunderstanding of our authorities that accompanies it could be avoided if each of us spent a few hours a year reading from the sages who have explained the true nature of American liberty. That we do this is very important now that the emotions of the last election have cleared away, and we face the issues that were raised.

One book that should be on every citizens reading list is "Community Planning" edited by Herbert L. Marx Jr. In this book there are 34 articles by the most eminent city planners in America. One of these deals with mass transportation, another with the parking problem, another with the growth of subdivisions, and still another with the annexation of fringe benefits.

Another important book is entitled "Political Ethics and The Voter," edited by Thomas A. Rousse. In this volume are articles about liberty and government by Senator Douglas, Senator Fulbright, ex-President Hoover, and many others.

Biographies

Among the biographies that should be useful in defining American liberty are "William Allen White's America," by Walter Johnson; "The Yankee From Olympus," the biography of Justice Holmes; Marquis James' "Andrew Jackson," Carl Sandburg's "Abraham Lincoln," and Lincoln Steffen's "Autobiography."

Among the literary writers who have dealt with the nature of liberty are Emerson, James Russel Lowell, H. L. Menkin, Mark Twain, Walt Whitman, Bernard DeVoto, to mention a few.

DC's Edyth Mullen Sings In Symphony Event At Stockton

A student from Daly City, Edyth Mullen, is among the more than 225 College of the Pacific and Stockton College musicians who will sing with the San Francisco Symphony orchestra under the baton of its noted conductor, Enrique Jorda, when the famed organization comes to Stockton on Sunday, May 11, for a performance of the great "Requiem" by Hector Berlioz in the Civic Auditorium there at 8:30 p.m.

The students already have sung in three performances of the massive choral work at War Memorial Opera House in San Francisco. It was after conductor Jorda had selected the C.O.P. and Stockton college choruses for the San Francisco production that Arthur J. Holton, choral director for both colleges, successfully completed negotiations to bring the big symphony to Stockton.

SCIENCE FILMS AID STUDENTS AT COLMA K-6

Students at Colma Elementary School recently were treated to three short movies, supplied by the local PG&E office to help them better understand the subject of science in the classroom.

Joseph A. Rohl, manager of the Daly City area PG&E office, entertained the students first, presenting the film, "Principles of Electricity." Onlookers included the sixth grade classes of Mrs. Barbara Busetto and Mrs. Iola McKeown, and two members of Mrs. Elvera Cody's fifth and sixth grades.

Two follow-up films, "The Story of Light" and "The Eager Mind," completed the PG&E presentation.

The films culminated the students' four-week study of communication, which included both group and individual experiments ranging from classroom telegraph and radio sets to research on Thomas Edison, Samuel Morse and Alexander Graham Bell.

Safety-Checks For Vehicles Due Next Month

Plans for participation by California communities in the fourth annual nation-wide Vehicle Safety-Check during the month of May were announced yesterday by W. A. Huggins, executive secretary of the Governor's Traffic Safety Committee.

The program is sponsored by the inter-Industry Highway Safety Committee, Washington, D. C., and Look Magazine, with the cooperation of the Association of State and Provincial Safety Coordinators.

"Throughout the nation, motorists will be having their cars safety-checked in community check lanes," said Huggins, who is the California coordinator of the national program. "The primary object is to check as many vehicles as possible on a free and voluntary basis. It is expected that more than thirty California cities will participate.

"Safety-checks cover major items which affect safe driving including brakes, front lights, rear lights, steering, tires, exhaust system, glass, windshield wipers, rear view mirror, and horn."

The actual check of the vehicles is carried out by mechanics loaned from automobile and tire dealers, independent garages, and service stations.

"One out of five of the 2½ million vehicles safety-checked in the nation in 1957 was found to be in need of service attention," Huggins said. "In some states as high as 50 per cent of all vehicles were found to have some mechanical imperfection."

Sgt. Alvah White In NATO Exercise At Germany Base

FRANKFURT, GERMANY—Army Sgt. Alvah D. White, son of Mr. and Mrs. Fred W. White, 345 Niantic avenue, Daly City, recently participated in a communications exercise involving select units from NATO member nations in Germany.

Sergeant White, assigned to the 3rd Armored Division's Headquarters Company, entered the Army in 1946 and was last stationed at the Presidio of San Francisco.

The sergeant, whose wife, Phyllis, is with him in Germany, is a 1946 graduate of Balboa High School.

It has been estimated more than 400 billion package containers are produced annually in the United States.

Survivors Filing Claims

On the death of a veteran, his survivors will want to file a claim for compensation or pension under new laws enacted by the last session of Congress. Consideration of such an application can be greatly speeded up if survivors will follow four suggestions:

1. If the veteran's death certificate does not contain a statement as to cause of death, it should be accompanied by a certificate from the attending physician, showing dates of treatment and cause of death. If the veteran was suffering from a disability due to service and it contributed to his death, this should be included by the physician as a secondary cause of death.

2. The widow should furnish a record of her marriage to the veteran. If she or the veteran were previously married she should if possible furnish copies of death or divorce certificates to establish that the previous marriages were dissolved.

3. Birth or baptismal records of surviving minor children should be furnished, containing names of both parents and date of birth. If the children were adopted, a copy of the court order should be provided.

4. Parents filing a claim must establish their relationship to the veteran, by furnishing a certified copy of the veteran's birth or baptismal certificate containing the names of both parents.

It is pointed out that with reference to item No. 1 above, indemnity compensation may be paid to the wiidow, instead of a pension, if the veteran's death was due in part to a service-connected disability. The minimum compensation would be $122 per month, while the pension would be $50.40. Further information and assistance may be obtained from your Veterans' Organization service officer or the service officer in Redwood City county court house.

Doelger Gives 650-Lb. Bell To St. Martin's

One of the most magnificent gifts received for St. Martin's Episcopal church, 777 Southgate avenue, was a beautiful 650-pound bronze cathedral bell donated by Henry Doelger as a personal gift to the congregation.

The bell was installed the week before the dedication of the church by the G. W. Thomas Drayage & Rigging company, San Francisco, who donated both crew and the 75-foot crane required to lift the bell into place. Services of the drayage company were secured through the efforts of Pacific Gas and Electric company.

The bell will peal out with a rich musical tone every Sunday before the 9:30 a.m. family service, and the 11 a.m. morning prayer and sermon. An invitation is extended to members of the community to attend the services. For information concerning organizations or services of the new church, telephone the Rev. Allen J. Downey, PL 6-3514.

Warren N. Woodson, who settled in Corning in 1892, is credited with establishing the ripe olive industry there.

TAPIA, 3 HOMERS PUSH JEFF HI PENNANT DRIVE

BOMB SOUTH CITY, 6-1

Tribe Tackles Hot Cap

By Roy Hurlbert

A 6-1 win over South City here Tuesday warming them for their showdown against unbeaten Capuchino (4-0) this Friday down south, Jeff High's varsity baseballers have hit the Peninsula League pennant push at full throttle.

Paul Tapia, backed by homers of outfielders Barrie Haanen, Gary Ryan and Gene Firth, registered his third win in four starts as he limited South City (2-4) to four hits.

Last Friday, the strong senior righthander won in relief over Burlingame here, 8-5. He took over for lefty Jim Wilson in the fifth.

Jeff dumped SSF with three two-run innings. Haanen and Ryan hit back-to-back four-masters in the fifth.

Ryan also had a double, while Haanen added a single, and catcher Jerry Kennedy smashed two safeties.

Don LeClergue, Cap coach, will toss southpaw Larry Weber at the Tribe this Friday. His other ace, Gene Tagliaferri, outdueled Tapia, 3-1, two weeks ago.

Cap's win over Hillsdale, 6-5, this week, set the stage for a Jeff-Cap title fight. Coach Steve Mezzera's DC nine won the flag last season.

Mezzera this Friday will move Ino Patron to shortstop and Wayne Lewis to the former's post. Jeff's only apparent weakness is at the shortpatch.

Other Tribe starters against the San Brunans will be Roy Reitz at first, Bud Callaghan at third, Kennedy behind the plate, and Haanen-Ryan-Firth in the garden.

Cap's big stickers are Jerry Scattini and John Russell—two lads with fence-busting power.

Next Tuesday the Indians host Westmoor, and Friday they entertain Hillsdale. Both start at 3:15 in the afternoon.

Flying Dutchmen, Valente Capture League Trophies

Individual honors were hogged by Vince Valente but the '58 championship of Brisbane Handicap League today is in the hands of the Flying Dutchmen keglers.

The Dutchmen cinched the title by a jittery one-half game margin last Thursday night, Bell's Grocery was next, trailed by Brisbane Lions (with a roar), one game back.

Valente, of Union Service, had season high average, 181, and season high series, 632.

Brisbane Liquors won high team series with 2526. Luxury Cleaners posted season high team game, 903.

Brisbane Inn's Dale Girton had high series in last week's finale with 605.

Venturi In Vegas

Ken Venturi, Daly City-reared pro golf sizzler, is among favorites in this week's $40,000 Las Vegas Open. The Westlaker has three big tourney titles and cash to his credit thus far.

INDIAN hopes for Peninsula League pennant ride on the throwing arms of Jeff High senior moundsmen (left to right) Jim Wilson, Paul Tapia and Gary Ryan. Wilson, a lefty, has a no-hitter this season, while Tapia, the passing whiz, has notched several low-hit efforts. Ryan, All-League in the outfield, can be called for hill duty at any time. With Wilson and Tapia steady and sharp, Coach Steve Mezzera's '57 champs could get the job done. THE RECORD photo

Next Comes Hillsdale

MUSTANGS THROTTLE RAMS

Slick Capuchino southpaw Larry Weber numbed Westmoor's first-division hopes Friday by throttling the Rams from Daly City with a one-hitter for a 7-1 win to keep the Mustangs unbeaten and tied for Peninsula League leadership.

Catcher Tom McHugh, blazing with a .571 loop batting average, got the Ram hit, a single, chasing home outfielder Sid Swanson, who was on via a walk and stole second. This was in the fourth.

Capuchino got all its seven hits off starter Ray West, relieved by the perfect one-two-three work of righthander Bob Goodwin in the sixth inning.

Two three-run frames, the third and fifth, gave Cap all that was needed for victory. Jerry Scattini's triple and John Russell's double were big blasts for the Brunans.

Weber, the best in the league, walked 5 Rams and got the third strike past 10. West was shaky, yielding 8 bases on balls and fanning but 2.

Coach Rod Losberger of Westmoor decried lack of batting punch, but cited defensive "saves" by second baseman Jim Heick and skychaser Bill Reynolds. Swanson also made one tremendous throw from deep left to save another run.

This Friday the Rams travel to meet frisky Hillsdale (4-1 at week's start). Next Tuesday at Jeff they battle Steve Mezzera's contending Indians. Both are afternoon games.

JEFF TRACKSTERS STOMP HILLSDALE

Jeff High trackmen Tuesday in San Mateo defeated Hillsdale in all three divisions.

Scores: 78-35, 62-50, and 83-2—varsity through C's.

Tribe's Sonny Martinez hit his "best" of 22.3 in the 220-yard dash. Gordon Kennedy of the B's broke the Jeff shot put mark with a 45-11 toss.

ADULT BASKETBALL LOOP

V.F.W. Cagers Grab Slim Lead

Brushing aside the second-division SF Post Office five by a 79-50 tally Tuesday last week, the VFW cagers held the leadership in the Daly City Adult Basketball League today.

Hunter's Point Super surprised the tumbling Native Son's on the same evening, 64-49, knocking the losers out of a three-way tie for first. VFW leads LC Smith by one-half game and the Sons by one game entering the seventh week of play.

Ken Wegner and George Geister, each with 14 points, sparked the VFW triumph. The latter team's Fletcher Simms, however, exploded for 24 points, followed by teammate Tom Overton's 13.

Mal McCormick hit for 17 as the Supermen stopped the Native Sons. George Campbell was next for the winners with 14, same tallies chalked up by the Sons' Owen Kashavaroff and Floyd Glenn.

Last Thursday's results at War Memorial building were A&D Tavern by 67-57 over Green Lantern, and Automotive Twins, led by Dennis Starsiak's 21 points, breaking the win column over St. Francis Creamery, 62-57.

Ex-Cal star Mike O'Neil bagged 24 points for A&D and Johnny Burton helped the cause with 18. Walt Derby with 16, and Ken Stang, 14 paced the losers.

Rich Watso got 14 for the Twins in their finest hour. But Joe McDonald hit 3 points for St. Francis, best out put of the week. Larry Pottinger, his running mate, bucketed 12 points.

BRISBANERS LOSE

Vince & Fred Keglers Capture Championship

Vince & Fred's bowlers Tuesday pocketed the '58 DC-Colma League championship by split-decisioning Brisbane Market in a showdown scrap of champions.

Mayor Micheal DeBernardi presented title trophies to Merlo, Ernie Cool, Ray Cool, Ed Ebinger, Bill Flagg and John Palazzari.

Vince Merlo led his squad with a 622 scratch series. He also walked off with top $ prize of the evening, rolling a 688 (handicap) series. Willie Grubb of Val's Redwood Room was next with a 640 series.

Remaining teams bowled for cash awards.

PISTOL TOURNEY

San Mateo County police officers—regulars and reserves—this Sunday morning engage in pistol trophy competition at the Ray Ottoboni Range in Colma.

All comers are invited to participate. Entry fee is $1. Shindig starts at 10 a.m.

Westmoor Track

Westmoor High's Class B trackmen took 14th place in the El Cerrito Relays last Saturday, winning one event, the shuttle high hurdles in 41.1.

Roger Johnson, Rich Gomez, Jim Gustafson and Rich Burnham were the combination. Also in Class B, the Rams took third in the mile relay, with Dave Dunbar exploding for a 51.5 quarter mile effort.

Last week, Coach Ernie Ribera's Rams lost in all three divisions to Serra in a practice meet.

YOUNGEST club with the most potential in Peninsula League baseball are Westmoor High's Rams of Daly City, whose three main pitchers talk shop (above) with Coach Rod Losberger, former University of California athlete. Left to right are Ray West, Dave Simons and Bob Goodwin. With a 1-3 record and Hillsdale next, the Rams aren't doing badly for a first-year team. Their best effort was a win over strong South City, long-time rival of Jeff . . . and now Westmoor.

MARC HAS 'OFF' DAY

Indians Finish 9th In El Cerrito Relays

Jeff High's 12-member varsity track contingent finished ninth at Saturday's 60-team El Cerrito Relays in action featuring Northern California's top prep performers.

Although Coach Bob Watt's Indians were also-rans in the meet dominated by champ Poly of SF, the Daly City thinclads gave a fine account of their potential.

Watt's 880-yard relay unit (Doug Burch, Pete Garcia, Len Lamendola, Sonny Martinez), though finishing fourth in the finals, broke a Jeff record with a clocking of 1:31.8.

They were one yard out of second place and six inches from third.

The Tribe two-mile relay squad (Al Davila, Charles Rivera, Don Snider, Felix Valdez) took second behind winning Bellarmine. Time was 8:18.4, the Bells first at the tape.

High-jumper Dennis Marc, 6-4½ basketball ace, was a bit nervous in his first big meet and managed only a tie for fourth, scaling just 5-10. Dennis, who could be the best in Northern Cal this campaign, has hit 6-4 and 6-3½ in dual meets to date—best marks on the Peninsula.

Mike Pechina of Jeff hit his all-time best in the pole vault, an 11-6, but it wasn't good enough to earn points.

Watt's 440-yard relayers were eliminated in the morning trials.

John Margaroni, Jeff's outstanding C division sprint specialist, went as an alternate. But he did not compete. Pat Abbott, a quarter-miler, also sat on the sidelines after losing his heat.

This Saturday, Watt escorts the same cast to Martinez for that burg's annual prep relays.

The young Jeff coach figures his squad will do better, particularly Marc, a kid with much ability.

In Peninsula League dual meet standings, the Jeff varsity is 1-1, the B's are winless in 2, and the C's are .500.

Next Tuesday the Indians travel to Capuchino, then on Friday entertain South San Francisco here.
